

satallite traffic and weather reports are quik and accurate.i fish in the delaware bay and off coast of new jersy. at times i am not in contact with local radio stations for weather reports.i can tune in to satallite radio to get accurate forcast of approching and dangerous weather.noaa emergancy weather at times has not been avalable because of distance from shore.please keep satallite weather to help keep reccrational fishing safe for all us listeners.  
thank you
